

Adding a battery powered device (Partizan/Myers)

Before starting the configuration, please head to <https://partizancloud.com> and register an account. (You cannot proceed without doing this, it is free) If you have already done this, jump to the next step. Do not forget to check your emails to confirm registration, it may have gone to your spam/junk folder.

Go to your app store or play store and download the Partizan app.

On the app click on the “cloud accounts” and log in with the same credentials as the partizan cloud log in details
